

LAMITECH, INC.

# THE SKY'S ≡ LIMIT FOR CUSTOM LAMINATION

With our laminating expertise and manufacturing capability, we create a wide range of dynamic packaging products for commercial and consumer applications. From bench test to roll test to production samples, we assist you through the entire development process.

- > Foil
- > Film
- > Litho patterns
- > Colored sheets
- > Textured papers
- > Custom printed
- > Food safe materials
- > Pressure sensitive

We can provide solutions whether you're looking for a laminated mounting and finishing process to add structural integrity or to deliver high-end visual design.

LAMITECH, INC.

# WE UNDERSTAND YOUR NEEDS

No order is too large or too small. We specialize in providing smaller quantities to support prototype or early developmental runs and also maintain the depth of inventory to provide truckloads of finished products.

- > Offer a broad selection of paperboard-based products in a wide range of thicknesses
- > 3-web manufacturing capability for efficient one or two-sided mounting
- > Available roll-to-roll, sheet-to-roll and sheet-to-sheet lamination
- > In-house sheeting, trimming and die-cutting for quick turnaround
- > We welcome rush orders
- > Made in the USA
- > AIB certified food-safe manufacturing
